

Work

What was your first job?	Do you think people will work less in the future?
If you won a huge amount of money, would you still work?	Would you like to be self-employed?
What would be your dream job?	What do you like/dislike about your current job?
Can you do your job from home?	Would you be willing to take a pay-cut to work less hours?
How did you get your present job?	Do you think you'll still be doing the same job in ten years?
